

FOR IMMEDIATE RELEASE

ARCADIA HAS LAUNCHED THE BETA VERSION OF ITS MOBILE OPTIMIZED CORPORATE WEBSITE

Now accessing care from anywhere is faster and more efficient than ever with any smartphone. Arcadia's new platform offers quicker access to contact information, faster page rendering, and condensed content for an easier overview of our services.

Our IT team has put together this new site with ease and convenience in mind.

This beta version of the site will make contacting an Arcadia representative for care a touch away. If the moment that you access the site isn't ideal for calling, you can easily email the site to yourself or a friend for future reference.

The mobile site houses five essential functions that are straight forward and simplified for on-the-go access. The accessibility includes single touch contacting, a location search tool with an integrated ability to call directly to our offices, a request for services form, general information, and the ability to search and apply for jobs from any smartphone.

We're intent on increasing access to our services as swiftly and effectively as possible for anyone who stumbles upon our site from a smartphone.

**OVER 30 YEARS OF QUALITY HOME CARE
MATCHING CARE TO LOVED ONES IN HOMES**

Arcadia is a national provider of home care and staffing with over 30 years of experience. We are dedicated to providing compassionate quality home care designed to help people stay at home and healthier longer. We also provide health care staffing services to a wide range of facilities when care outside the home is needed.
